Bi-Fold Doors

Bi-Fold doors come in the same styles as other interior doors. Some styles are available in heights up to 8' and widths up to 24" through special order.

To determine the size of the Molded Bi-Fold door you need to, measure the width of the door opening at a point of 8" down from the top AND 8" up from the bottom. Use the smaller of these two measurements to select the proper door size.

Also measure the height of the opening to be sure it will accommodate the finished height of the doors.

Size	# of Doors	Finished Opening Width	Finished Opening Height
2'0" x 6'8"	2- Door	24"	81"
2'4" x 6'8"	2- Door	28"	81"
2'6" x 6'8"	2- Door	30"	81"
2'8" x 6'8"	2- Door	32"	81"
3'0" x 6'8"	2- Door	36"	81"
4'0" x 6'8"	4-Door	48"	81"
5'0" x 6'8"	4-Door	60"	81"
6'0" x 6'8"	4-Door	72"	81"

DRIVE, WALK and BALCONY
UPGRADE and REPAIR

EarthBond is an excellent concrete overlay for balcony repair.
It eliminates the need to remove cracked concrete.
Fast and easy to install, minimal interference, no heavy equipment.

- Adheres to concrete and asphalt
- Self leveling
- Covers cracks

EarthBond Overlay

- Has twice the compressive strength of standard concrete.
- Has higher tensile and flexural strength than standard concrete.
- Can be installed 1/4"- 3/8" over concrete.
- Can be installed 1/2" over asphalt.
- Stamped within 45 minutes to 1 1/2 hours.
(depending on thickness and temp)
- Stained and sealed same day.
- Walked on within hours.
- Driven and parked on in 3 days.
- Passes standard freeze-thaw tests.

MIRRORACCENTS

Oil Rubbed Bronze MirrorAccents and fixtures

Brushed Silver MirrorAccents and fixtures

Before MirrorAccents and upgrade

MirrorAccents - *simple solutions for upgrades*
